Las Matas, 12 December 2010

At the request of Ms. Markéta Schůtová, we expose our mind about impressions and comments about her work as Spanish/Czech translator of technical and legal texts.

The aforementioned translator has worked for our company on long-term basis and she has faithfully fulfilled her obligations.

We have realized that besides her excellent professional preparation as translator, she has also excellent personal qualities, people skills and optimal team collaboration.

She has served Patentes Talgo SL with very good results proving her outstanding way to adapt to the roles and responsibilities required by technical and sworn translations and that is why we consider her highly recommended.

I remain at your disposal for any clarification or additional information that you need.

Yours sincerely

Francisco Carrascosa Alaminos
Jefe de Ventas/Sales Director
Máquinas auxiliares
Patentes Talgo S.L.
